

# Daniel Visentini

## Profile

I am a frontend developer looking for a job to improve my skills and gain new experience. I am familiar with Html & CSS, JavaScript, Typescript, React and after hours expanding my programming knowledge by working on my own projects. I am looking for a job that will give me the opportunity to work with the mentioned technologies, and in the future to learn and develop other technologies and programming languages, depending on what the project needs

## Skills
